

OUR LIKE.

We raise our voices
And the storm
To say we like
Our weather warm!
We want no wild
Boreal breeze
To blow around
Our house and freeze
Us up and put
Us on the bum!
Our kitchen floor's
Linoleum!
And our sweet wife
Would burn with ire
If we asked her
To light the fire,
And our bare feet
On that cold floor—
Oh, feel we raise
Our voices once more
Above the shrieking
Of the storm
To say we like
Our weather warm!

For President in 1912,
WILLIAM HOWARD TAFT
of Ohio.

For Governor of Kentucky in 1911,
Lieutenant Governor WILLIAM H. COX
of Maysville.

It is always a pleasure to give prominent notice to "The Man From Maysville." This time we quote from The Army and Navy Register of 1907 as follows:

"Names of the most distinguished graduates of the military schools of the United States of America, as found by the Examining Staff, United States Army:

"JOHN CALHOUN SNEED of Virginia, first.
"LAURANCE HANNAN PHISTER of Kentucky, second."

Mr. PHISTER is the only son of Captain and Mrs. C. M. PHISTER of this city, and was born in Maysville only twenty-five years ago, and is now a leading business man of Kansas City, Mo. Both Mr. SNEED and Mr. PHISTER were graduated from the Virginia Military Institute. Mr. SNEED at graduation was Mr. PHISTER's senior by four or five years. Mr. PHISTER was appointed First Lieutenant in the Coast Ar-

tillery, but declined to enter the service, choosing rather the ways of peace, and entered the insurance business, in which he is making a phenomenal success in his adopted city, is married and has one son. Captain and Mrs. PHISTER, who are among the leaders in Maysville's worthy set, are to be congratulated, along with Maysville, that they are the proud parents of such a brilliant and successful young man as LAURANCE has turned out to be.

CAPTAIN WAYNE W. CORDELL, Special Examiner of the Bureau of Pensions, with headquarters at Catlettsburg, Ky., is in the city. Mr. CORDELL is a man of near 50 years of age and was reared in the mountains of East Tennessee. He is a great admirer of CALEB POWERS, as POWERS is almost a Tennessean, being just across the border, and he swears JOHN W. LANGLEY is the greatest man in Kentucky. "BILL" BRADLEY excepted, Bill being older than JOHN. CORDELL declined to talk for publication, but confidentially told THE PUBLIC LEDGER Man last night that WILLIAM H. COX of this city was 20,000 votes stronger than any man the Republicans could nominate for Governor. He said he had traveled over twenty-five counties in the Eastern section of the State in the prosecution of his business and that nearly everybody was for Cox. CORDELL said his people were Union-Whig stock who had advocated a Protective Tariff for fifty years, and that he had never seen any argument that would dispel the doctrine advocated by his ancestors.

Bad Breath

"For months I had great trouble with my stomach and used all kinds of medicines. My tongue has been actually as green as grass, my breath having a bad odor. Two weeks ago a friend recommended Cascarets and after using them I can willingly and cheerfully say that they have entirely cured me. I therefore let you know that I shall recommend them to any one suffering from such troubles." Chas. H. Halpern, 114 E. 7th St., New York, N. Y.

Cascarets, Palatable, Potent, Taste Good, Do Good, Never Sicken, Weaken or Grip. 10c, 25c, 50c. Never sold in bulk. The genuine label stamped C. C. C. Guaranteed to cure or your money back.

Agent—Let me sell you an incubator, Mr. Flytop. You know chickens are going higher every day.

Oh, You Lost Kid

A party composed of two men, a woman and five children, en route from Vanceburg to Oklahoma, boarded C. and O. train No. 5 at that place this morning, and, in their hurry, a four-year-old baby boy was left asleep in the Vanceburg depot.

After the train was passing Concord, the mother discovered that her baby boy was missing and aroused the coach with her lamentations. On the arrival of the train at Maysville Conductor Fish of No. 5 had Operator Humphreys wire Vanceburg and the child was found in the depot safe and sound. The mother was assured that her child was found and the family went on to Cincinnati, while Train No. 1 picked up the lost boy and carried it safe to the waiting mother at the Central Depot, Cincinnati.

BIG BIDS

Received By United States Engineer
For Lock and Dam No. 29

Tuesday for the second time Major Jerrey of Cincinnati, Corps of Engineers, U. S. A., in charge of the works and improvements on the Ohio river, opened bids for the construction of Lock and Dam No. 29, near Ashland. Bids for this undertaking were received for the first time a little over a month ago, but they were considered much too high and were rejected.

There were three bids then, but only two Tuesday—the Sheridan-Kirk Contracting Company of Cincinnati, \$631,000, the Bates & Rogers Construction Company of Chicago, \$631,000.

Upon the former occasion the bid of the last mentioned firm was \$677,000, and that of the other company \$644,000. The present bids are still several thousand dollars above the estimated cost. It is very likely, however, that one of them will be accepted.

THE RETINISCOPE.

With this instrument the expert can select the glass for distant vision as well as for reading without asking a single question. The examiner can see for himself the nature and degree of the defect. He actually measures the eye by means of reflected light. This instrument will uncover at a single sitting defects that would never be found by the trial case method. For nearly half a century the ablest men in the optical field have tried to find a better means of estimating the refraction, but have failed. Now the Retinoscope successfully one must have a knowledge of rather a high order of physical and physiological optics. You don't give "near-sighted" glasses to "far-sighted" people if you can use the Retinoscope.

DON'T SAY YOU'RE OLD
You only feel old.
Digestive organs are weak—don't assimilate food as they used to.
Other organs act more slowly and less effectively.
Blood is thin and sluggish.
Renewal of strength does not equal the wear and tear of your system.
That's what makes you feel old.
Nothing in the world will tone up and invigorate those weak, backsliding organs, make rich blood and create strength so quickly as Vinol.
Vinol is not a secret nostrum, simply the medicinal elements of the cod's liver, with the useless nauseating oil eliminated and tonic iron added. Try a bottle of Vinol with the understanding that your money will be returned if it does not make you stronger, feel younger and give you an added interest in life. John C. Pecor, Druggist, Maysville, Ky.

STOMACH LIVER LUNGS
Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.
The strong man has a strong stomach. Take the above recommended "Discovery" and you may have a strong stomach and a strong body.
GIVEN AWAY.—Dr. Pierce's Common Sense Medical Adviser, new revised Edition, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

A GAY DECEIVER
Now Languishes in Jail for Deception Practiced on a Fourteen-Year-Old Girl

John S. Hamilton, alias John Champion, who formerly resided in Short street, is in a peck of trouble. About four years ago he moved to Indiana, where he secured work in a glass factory, and later moving on to Muncie, Ind., where he met and wooed the affection of Myrtle Perkins, a fourteen-year-old girl, whom he enticed away from home under promise of marriage on their arrival in Covington, Ky. That was October 31st, 1910. On their arrival in Covington he said he would fulfill his promise when they reached this city, which he failed to do. From here they proceeded to Fleming county, stopping at the home of one of Hamilton's brothers near Taffy, introducing the girl as his wife. Tiring of country life, they returned to this city, and for a while stopped with friends in the East End, and in the meantime Hamilton secured employment with the Maysville Coal Company driving a cart. Several days ago Mayor Lee received a letter from Mrs. George Perkins, mother of the deluded girl, requesting the Mayor to locate her daughter and have her sent home. The letter was turned over to Chief of Police H. A. Ort, who at once instituted a search and found the girl at one of our local hotels, where she was being cared for. When interrogated by the Chief she maintained that she and Hamilton were married in Muncie, Ind., August 9th, 1910, but being closely pressed she admitted that they were not married, and said that Hamilton threatened to kill her if she ever divulged the truth. August 8th, 1904, Hamilton secured a license and married Pearl Hughes at Flemingsburg, Ky., and afterwards entered divorce proceedings in the Mason Circuit Court under the name of John Champion, and on September 5th, 1907, the suit was dismissed on behalf of plaintiff without prejudice. John now languishes in Jail under charge of carnally knowing a female under sixteen years of age. He will have a hearing in Police Court this afternoon.

SEASON OPENS APRIL 2d
At Maysville. Sunday Game With the Climax Team of Newport Booked By Manager Mackey
The Climax team of Newport, Ky., has been booked to play the opening games of ball here on Sunday and Monday, April 2d and 3d. Enough of the recruit players will be on hand to give the semi-professional boys a good tussle, while enough of the players who are expected to be regulars will arrive by Sunday, April 9th, to give the Red Colts a run for their money. The crack third baseman that the Club has been after for some time, accepted terms and his name will be made public as soon as his signed contract arrives.

WORK THAT TELLS
PLENTY OF IT HAS BEEN DONE RIGHT HERE IN MAYSVILLE
Cures that last are cures that tell. To thoroughly know the virtues of a medicine you must investigate the cure and see if they prove permanent. Doan's Kidney Pills stand this test, and plenty of proof exists right here in Maysville. People who testified years ago to relief from backache, kidney and urinary disorders now declare that relief was permanent and the cure perfect. How can any Maysville sufferer longer doubt the evidence? William H. Paul, 333 East Third street, Maysville, Ky., says:
"For two years I had pains in my back and other troubles, caused by disordered kidneys. When Doan's Kidney Pills were brought to my attention I began their use and they soon gave relief. I cheerfully recommend this remedy as one that lives up to the claims made for it."
The above statement was given on December 13th, 1904, and on February 6th, 1905, Mr. Paul said:
"My opinion of Doan's Kidney Pills has not changed since I first recommended them. My cure has been permanent and I am now in good health."
For sale by all dealers. Price 50 cents. Foster-McLure Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

NIGHT RIDERS
Burn Barn in Bourbon County and Watch the Flames
PARIS, Ky., March 21st—"Night riders" this morning fired a tobacco barn on the farm of J. C. Keller, five miles from here. Twenty thousand pounds of tobacco of the crop of 1910 and farming implements were consumed. After saturating the building with coal oil the fire brand was applied and the men rode away to a hill three-quarters of a mile away and watched the fire.

"The Dream is Short, Repentance Long"

A good headline to fix well in your head, especially in these days of buying new spring men's wear. There's many a suit, plus an attractive price card, in many a clothing store window that seem the dream of tailoring perfection—in the window. But you cannot see it, as the store does, to decorate a window with. Rushing to buy such suits, lead by the price ticket, may give you something to repent for many a day. Look at the suit, not the fancy price ticket; look at it well and consider how it will look in eight weeks. Better not experiment. Come here instead, the store of satisfaction and guaranteed clothes.

Sign Boards

It is not generally known that there is a Kentucky law providing for the erection of sign boards at crossings and forks in roads. The statute referred to is as follows:

Section 4326 Kentucky Statutes: Sign boards at Cross Roads. Every Road Supervisor or Overseer shall, when directed by the County Court, keep an index erected at the forks or crossings of all public roads in his district upon which shall be inscribed in plain letters the name of and the distance to the most noted towns to which the road leads, the cost of which shall be paid as road expenses.

Not An Experiment

Paint Lick, Ky.—Mrs. Mary Freeman of this place says: "Before I commenced to take Cardui I suffered so much from womanly trouble. I was so weak that I was down on my back nearly all the time. Cardui has done me more good than any medicine I ever took in my life. I can't possibly praise it too highly." You need not be afraid to take Cardui. It is no new experiment. For fifty years it has been found to relieve headache, backache and similar womanly troubles. Composed of gentle-acting, herb ingredients, Cardui builds up the strength, preventing much unnecessary pain. Try it for your troubles today.

20% UNDERFEED INVESTMENT

Most heating systems are an actual drag on the domestic treasury. If you want to enjoy actual every-winter dividends, tear out your old gluttonous coal-burner, with its uneven heat and hard-to-satisfy appetite for fuel. Put in a

PECK-WILLIAMSON UNDERFEED FURNACE OR BOILER

Choose the system you like best—warm air, steam or hot water. Cheapest slack in the Underfeed yields as much clean, even heat as most expensive grades; which ordinary heating plants require. All the fire is on top and has to eat down into the fresh coal against the draft. Combustion is slow and perfect, and smoke, soot and gases are entirely eliminated. This enables Underfeed furnace and boiler users to

SAVE 1/2 TO 2/3 OF COAL BILLS.

This saving represents a 20% dividend on the investment for this modern system of heating. Figure it out. It won't take long to get your money back. The Underfeed adds to the selling or renting value of any building.

Write today for free booklet on Underfeed Warm Air, Steam and Hot Water Heating Systems. Our representative will be glad to call any time and make you a detailed proposition.

Beware of Ointments For Catarrh That Contain Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, O., by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.
